introducing the

Plenum Medical Book Company

Plenum is pleased to introduce a new imprint, the Plenum Medical Book Company, which will publish clinical medical titles for physicians and medical school students. In addition to major review series edited by first-ranking clinical specialists, the Plenum Medical Book Company will publish periodicals, textbooks, monographs, handbooks, and symposia proceedings.

REGISTRATION

Registration will be in the west lobby on the main floor of the Sheraton-Cleveland Hotel and open during the following hours:

Friday, May 30	4:00 p.m.-10:00 p.m.
Saturday, May 31	8:00 a.m.- 9:00 p.m.
Sunday, June 1	8:00 a.m.- 7:00 p.m.
Monday, June 2	8:00 a.m.- 5:00 p.m.
Tuesday, June 3	8:00 a.m.- 5:00 p.m.
Wednesday, June 4	8:00 a.m.- 5:00 p.m.
Thursday, June 5	8:00 a.m.-12:00 noon

TICKET SALES

Tickets to special events will be sold in the registration area up to twenty-four hours before the function, subject to availability.

EXHIBITS

Approximately 55 technical exhibits will offer you great opportunities to learn about the latest developments in commercial and technical research in the field of librarianship. Time spent in the exhibits can be as rewarding as attendance at a program session.

Exhibits will be open during the following hours:

Monday, June 2	7:00 p.m.-8:30 p.m.
Tuesday, June 3	10:00 a.m.-4:00 p.m.
Wednesday, June 4	10:00 a.m.-4:00 p.m.
Thursday, June 5	10:00 a.m.-2:00 p.m.

HOSPITALITY

Information will be available on convention events and things to do in Cleveland; and weary conventioners are welcome to kick off their shoes and relax. Hospitality Committee members wearing dark blue ribbons will staff the room as indicated and will be stationed throughout the convention area before, during, and after convention events. Look for them!

Hospitality will be located in the East Room on the Mezzanine level during the following hours:

Friday, May 30	3:30 p.m.-8:30 p.m.
Saturday, May 31	7:30 a.m.-9:30 p.m.
Sunday, June 1	7:30 a.m.-7:30 p.m.

After Sunday the Hospitality Room will be located in the Circus Room during the following hours:

Monday, June 2	8:30 a.m.-5:30 p.m.
Tuesday, June 3	7:30 a.m.-6:00 p.m.
Wednesday, June 4	7:30 a.m.-6:00 p.m.
Thursday, June 5	7:30 a.m.-5:30 p.m.

MLA SCHOLARSHIP BOOTH

The Scholarship Booth will be near the Registration Desk during the following hours:

Friday, May 30	4:00 p.m.-8:00 p.m.
Saturday, May 31	8:00 a.m.-5:30 p.m.
Sunday, June 1	8:00 a.m.-7:00 p.m.
Monday, June 2	8:00 a.m.-5:00 p.m.

The Scholarship Booth will be open in the Exhibit Hall during the following hours:

Monday, June 2	7:00 p.m.-8:30 p.m.
Tuesday, June 3	10:00 a.m.-4:00 p.m.
Wednesday, June 4	10:00 a.m.-4:00 p.m.
Thursday, June 5	10:00 a.m.-2:00 p.m.

MLA BOOTH

Information on membership, careers, education, certification, placement, publications and the health sciences librarianship film is available. The Placement Service this year will include listings of both available positions and personnel and provisions will be made for the scheduling of interviews during the period of the meeting. The booth is open during the same hours as Exhibits.

DAILY NEWSPAPER

The *MLA RETRIEVER* is the daily news information medium during MLA '75. Up to the minute reports of changes, cancellations, or additions to scheduled meetings, or previously unscheduled formal or informal meetings are included. There are also sidelights and tidbits of information to keep conventioners informed, educated and (possibly) entertained.

Parlor 28 on the Parlor Level of the Sheraton-Cleveland Hotel is headquarters for the *RETRIEVER* staff, as well as for public news media personnel. Committee chairmen, speakers, exhibitors, MLA officers and staff, and any individuals or special interest groups are urged to bring their information to the *RETRIEVER* before the 2 p.m. deadline each day. Staff reporters have special identification on their convention badges and are attending all meetings, panels, luncheons, dinners, etc. listed in the official program. They are happy to receive information for inclusion in the next appropriate issue.

The *MLA RETRIEVER* is available at the Registration Desk, in the Hospitality Area, and in the Exhibit Hall. Pick it up (free, of course) daily for the latest convention information.

CONVENTION RIBBONS

Ribbons are used to identify registrants and other participants as follows:

RED	Officers and Board Members
LIGHT BLUE	Annual Meeting Local Arrangements Committee
DARK BLUE	Hospitality
GREEN	Speaker

Convention Ribbons (cont'd)

WHITE	Exhibitor
BROWN	Staff
YELLOW	Members from outside the U.S. and Canada
GREEN BUTTONS	New Members have been provided with green buttons. Let's give them a special welcome!!

CE-15 LITERATURE OF NURSING
Saturday 9:00 a.m.-5:00 p.m. Gold Room Assembly Evelyn Bedard
Sunday 9:00 a.m.-5:00 p.m. Gold Room Assembly Sally Harms

CE-16 MANAGEMENT OF MEDIA IN LIBRARIES
Saturday 9:00 a.m.-5:00 p.m. Empire Room Lou Audette
Sunday 9:00 a.m.-5:00 p.m. Empire Room Bethe Moulton

CE-17 PRESERVATION OF LIBRARY MATERIALS
Saturday 9:00 a.m.-5:00 p.m. Circus Room Judith Overmier
Sunday 9:00 a.m.-5:00 p.m. Circus Room Judith Overmier

CE-18 SYSTEMS ANALYSIS
Saturday 9:00 a.m.-5:00 p.m. Parlor 32 Claire K. Schultz
Sunday I 9:00 a.m.-5:00 p.m. Parlor 32 Claire K. Schultz
Sunday II 9:00 a.m.-5:00 p.m. Navajo Room Diane Cole

CE-19 APPLICATION OF OPERATIONS RESEARCH TO LIBRARY DECISION MAKING (2-Day)
Saturday 9:00 a.m.-5:00 p.m. Erie Room Ching-Chin Chen
Sunday 9:00 a.m.-5:00 p.m. Erie Room Ching-Chin Chen

CE-20 MEDLINE AND THE HEALTH SCIENCE LIBRARIAN
Saturday 9:00 a.m.-5:00 p.m. Terminal Room Thelma Charen
Sunday 9:00 a.m.-5:00 p.m. Terminal Room Geri Nowak

Continuing Education Courses (cont'd)

CE-21 MEDLINE AND THE HEALTH SCIENCES LIBRARY ADMINISTRATOR
A Sunday 9:00 a.m.-12:30 p.m. Chieftain Room Davis and Grace McCarn
B Sunday 1:30 p.m.-5:00 p.m. Chieftain Room Davis and Grace McCarn

CE-22 PLANNING HOSPITAL LIBRARY FACILITIES
Saturday 9:00 a.m.-5:00 p.m. Whitehall Room Frances Ishii
Sunday 9:00 a.m.-5:00 p.m. Whitehall Room Priscilla Mayden

CE-23 PROBLEMS IN MEDICAL CATALOGING AND CLASSIFICATION
Saturday I 9:00 a.m.-5:00 p.m. One-half Pint Suite Emilie Wiggins
Saturday II 9:00 a.m.-5:00 p.m. Two-Pint Suite Sheila Pelosi
Sunday I 9:00 a.m.-5:00 p.m. One-half Pint Suite Emilie Wiggins
Sunday II 9:00 a.m.-5:00 p.m. Two-Pint Suite Sheila Pelosi
Sunday III 9:00 a.m.-5:00 p.m. Gold Room Berthe Almagro

CE-25 CARE AND EXHIBITION OF MEDICAL HISTORY MUSEUM OBJECTS
Sunday 1:00 p.m.-5:00 p.m. Howard-Dittrick Museum Patsy Gerstner
Departure from main entrance, Sheraton-Cleveland Hotel, 12:30 p.m.

CE-26 TEACHING SKILLS FOR LIBRARY EDUCATORS (2-Day)
Saturday 9:00 a.m.-5:00 p.m. Lewis Room Martha Jane Zachert
Sunday 9:00 a.m.-5:00 p.m. Lewis Room Martha Jane Zachert

Why not handle your foreign affairs domestically?

There is no need to rely on one subscription agency for your domestic periodicals and another for your foreign. The F. W. Faxon Company is an international subscription agency handling periodicals from coast to coast and then around the world.

You can place *one* order for *all* your periodicals — for serials, annuals, newspapers, government documents — domestic and foreign — and receive *one* annual invoice with a complete listing of all your titles.

Our Foreign Department handles translations and keeps up-to-date with the changing status of foreign currencies. They maintain files and records on the publication frequencies of any irregular foreign "bill later" titles.

All foreign orders and correspondence are sent air mail. We maintain excellent business relations with over 2,000 foreign publishers. We presently list over 8,000 foreign titles and are constantly adding more.

Use Faxon's expertise. You'll find there's no language barrier at Faxon.

Library business is our only business — since 1881.

F.W. FAXON COMPANY, INC.

15 Southwest Park, Westwood, MA. 02090

Monday, June 2

12:00 noon - 2:00 p.m. Gold Room
HONORS AND AWARDS LUNCHEON
Presiding: Sam W. Hitt, President
Medical Library Association

Welcome to New Members
Barbara Coe Johnson, President-Elect
Medical Library Association

New Member Response
Michael V. Sullivan
University of California
Biomedical Library
Los Angeles, California

Presentation of Honorary Member Certificates
Dorothy Gregor, Chairman
Membership Committee

Presentation of Scholarships
Rose Hogan, Chairman
Committee on Scholarships

Awarding of Certificates in Medical Librarianship
Arlee May, Chairman
Committee on Certification

Presentation of Prizes and Awards
Estelle Brodman, Ph.D., Chairman
Honors and Awards Committee

Special Events (cont'd)

Ida and George Eliot Prize
Clara Cziske, Chairman
Subcommittee on Eliot Prize Essay

Rittenhouse Award
Frank Mason, Chairman
Subcommittee on Rittenhouse Award

7:00 p.m. - 8:30 p.m. Sheraton Hall
EXHIBIT OPENING—Cocktail Reception
Welcome Exhibitors, New Members and those attending a conference for the first time.

Tuesday, June 3

Crawford Auto-Aviation Museum
Bus transportation from the main entrance of the Sheraton-Cleveland Hotel to the Museum, beginning at 6:30 p.m.

GROUP FUNCTIONS

Monday, June 2

7:00 a.m. - 8:30 a.m. Parlor 32
VETERINARY MEDICAL LIBRARY GROUP
Breakfast Business Meeting
Trenton Boyd, Chairman

3:30 p.m. - 5:30 p.m. Navajo Room
MENTAL HEALTH LIBRARIES GROUP WORKSHOP
Ruby Horwood, Chairman

8:00 p.m. - 10:30 p.m. Navajo Room
MEETING OF CANADIAN MEDICAL LIBRARIANS
Ann Nevill, Chairman

8:30 p.m. - 10:30 p.m. Empire Room
MEDICAL LIBRARY RELEVANCE GROUP
Planning Session
Carole Stock and Shirley Hesslein, Co-Chairmen

8:30 p.m. - 11:00 p.m. Lewis Room
PUBLIC HEALTH AND HEALTH ADMINISTRATION LIBRARIES GROUP
Inaugural Meeting
Arthur L. Carroll, Chairman

Tuesday, June 3

12:30 p.m. - 2:30 p.m. Empire Room
HISTORY OF MEDICINE GROUP LUNCHEON
Lisabeth M. Holloway, Chairman

12:30 p.m. - 2:30 p.m. Higbee's Department Store Auditorium (Adjacent to hotel)

HOSPITAL LIBRARIES GROUP LUNCHEON
"What Can the Hospitalized Child Teach Us? The Child Life Worker: A New Member of the Hospital Team"
Mrs. Emma N. Plank
Professor Emeritus of Child Development
Case Western Reserve University
Cleveland, Ohio

12:30 p.m. - 2:30 p.m. Cleveland Room
MEDICAL SCHOOL LIBRARIES GROUP LUNCHEON
"The Educational Interface Between University Health Centers and Community Hospitals: Roles for the Medical Librarian"
W. Robert Kennedy, Ph.D.
Acting Director, Division of Research in Medical Education
Case Western Reserve University
Cleveland, Ohio

12:30 p.m. - 2:30 p.m. Lewis Room
PHARMACY LIBRARIES GROUP LUNCHEON
"General History of the Lloyd Library and Museum"
John B. Griggs

12:30 p.m. - 2:30 p.m. Cleveland Zoological Park
VETERINARY MEDICAL LIBRARY GROUP
LUNCHEON/TOUR of the Cleveland Zoological Park
Dr. Leonard J. Goss, D.V.M.
Director of the Cleveland Zoological Park
Dr. Wallace E. Wenat, D.V.M.
Cleveland Zoological Park Veterinarian
(Bus transportation from the main entrance of the Sheraton-Cleveland Hotel to the Park beginning at 12:30 p.m.)

Special Events (cont'd)

Wednesday, June 4

12:00 noon - 2:00 p.m. Parlor 34
MILITARY MEDICAL LIBRARIANS GROUP
LUNCHEON
"Procurement of Books and Journals"
Moderator: Nannette M. Pope
Library Division, Defense Nuclear Agency
Armed Forces Radiobiology Research Institute
Bethesda, Maryland

PANELISTS:
Sarah L. Peterson
Aeromedical Library
Brooks Air Force Base, Texas

Mary-Elsie Caruso
Medical Library
Letterman Army Medical Center
Presidio of San Francisco, California

Marilyn W. Petersen
Thompson Medical Library
Naval Regional Medical Center
San Diego, California

7:00 p.m. - 9:00 p.m. Erie Room
DENTAL LIBRARIES GROUP DINNER
"Futurology"
Dr. Maynard K. HIne
Special Consultant to the President and
Executive Associate in the Indiana University Foundation
Professor of Periodontics
School of Dentistry
Indianapolis, Indiana

7:00 p.m. - 9:00 p.m. Lewis Room
MEDICAL SOCIETY LIBRARIES GROUP DINNER
"Medical Society Libraries' Area Role: How It Has Changed, 1960-1975"
Betty Feeney, Director NERMLS
Francis A. Countway Library
Boston, Massachusetts

7:00 p.m. - 9:00 p.m. Navajo Room
NURSING LIBRARIES GROUP DINNER
"Regional Medical Libraries and Nursing—What They Do and What They Don't Do"
Moderator: Mary Rose
American Nurses' Association
Kansas City, Missouri

7:00 p.m. - 9:00 p.m. Empire Room
RESEARCH LIBRARIES GROUP DINNER
Ann E. Kerker,
Purdue University
Lafayette, Indiana

7:00 p.m. - 9:00 p.m. Gold Room
HEALTH SCIENCES AUDIOVISUAL GROUP MEETING
"Tape Talk"
Frank Gearhart, Chief Classroom Support
Medical College of Georgia
Augusta, Georgia

Thursday, June 5

2:00 p.m. - 3:30 p.m. Empire Room
MEDICAL LIBRARY EDUCATION GROUP
"Review of Educational Programs for Medical Librarianship"
M. Doreen Fraser, Assistant Professor
School of Library Service
Dalhousie University
Halifax, Nova Scotia, Canada

A new publishing program . . .

LIBRARY EDITIONS WITH MICROFICHE!

Here is a new service that is designed to meet today's demand for both full size library and complete microfiche editions of important books. Conveniently inserted in the back of each specially designed Library Edition is a complete microfiche edition of the book, produced in standard format (4″ x 6″, 98 frames per fiche, 20x) and to the highest standards of the industry.

Library Editions with Microfiche is a continuing program. Many monographs and most serial publications in 1975 will be included in this program. For further information, please write to the Sales Department.

2 OUTSTANDING SERIES IN

PRACTICAL METHODS IN ELECTRON MICROSCOPY

Edited by Audrey M. Glauert, Strangeways Research Laboratory, Cambridge

"...the goals and high aims of the overall editor, A. M. Glauert, seem to have been well met here. The series should prove of value to teacher, student, and professional worker alike." —from a review of Volume One in Transactions of the American Microscopical Society

IN HARDCOVER—

Volume One
1972, viii + 444 pp., $42.30

Volume Two
1974, xiv + 345 pp., $34.60

Volume Three
1974, viii + 353 pp., $34.60

IN PAPERBACK—

Specimen Preparation in Materials Science
By P. J. Goodhew
1972, 180 pp., $11.50 (Pt. 1 of Vol. 1)

Electron Diffraction and Optical Diffraction Techniques
By B. E. P. Beeston, Robert W. Horne, and Roy Markham
1972, 264 pp., $15.40 (Pt. 2 of Vol. 1)

Principles and Practice of Electron Microscope Operation
By Alan W. Agar, Ronald H. Alderson, and Dawn Chescoe
1972, xiv + 345 pp., $16.90 (Vol. 2)

Fixation, Dehydration and Embedding of Biological Specimens
By Audrey M. Glauert
1974, xii + 208 pp., $11.50 (Pt. 1 of Vol. 3)

Ultramicrotomy
By Norma Reid
1974, xii + 132 pp., $6.90 (Pt. 2 of Vol. 3)

Available at your bookstore or directly from—

ELSEVIER/EXCERPTA MEDICA/NORTH-HOLLAND
Associated Scientific Publishers
52 Vanderbilt Ave., New York, N. Y. 10017

HARDCOVER AND PAPERBACK EDITIONS—

LABORATORY TECHNIQUES IN BIOCHEMISTRY AND MOLECULAR BIOLOGY
Edited by T. S. Work, N.I.M.R., Mill Hill, London, and E. Work, Imperial College, London

IN HARDCOVER—

Volume One
1969, viii + 572 pp., $34.60

Volume Two
1970, viii + 400 pp., $28.90

Volume Three
1972, viii + 610 pp., $36.50

IN PAPERBACK—

Electrophoresis of Proteins in Polyacrylamide and Starch Gels
By A. H. Gordon
1969, 149 pp., $5.80 (Pt. 1 of Vol. 1)

An Introduction to Gel Chromatography
By L. Fischer
1969, 244 pp., $9.60 (Pt. 2 of Vol. 1)

Immunochemical Techniques for the Identification and Estimation of Macromolecules
By J. Clausen
1969, 175 pp., $5.80 (Pt. 3 of Vol. 1)

Automated Enzyme Assays
By D. B. Roodyn
1970, 221 pp., $11.50 (Pt. 1 of Vol. 2)

Cellulosic Ion Exchangers
By E. A. Peterson
1970, 177 pp., $10.80 (Pt. 2 of Vol. 2)

Determination of Sequences in RNA
By G. G. Brownlee
1972, 265 pp., $11.50 (Pt. 1 of Vol. 3)

Techniques of Lipidology
By Morris Kates
1972, 353 pp., $13.90 (Pt. 2 of Vol. 3)

Available at your bookstore or directly from—

AUTOMATION IN THE LIBRARY SERVICE INDUSTRIES
Panel Moderator: Nancy N. Woelfl
Cleveland Health Sciences Library
Cleveland, Ohio

June Miller, John Wiley & Sons, New York, New York
"Information Systems in Publishing"

How can a publisher's computerized information system facilitate rapid and accurate fulfillment of library orders? Can a record of library order information be used to predict and anticipate future publishing needs of libraries? These questions and ways in which libraries and publishers can work together will be explored.

Fred Alpers, General Bookbinding, Chesterland, Ohio
"ABC: Automated Binding Control—a System for Easing Periodical Binding Preparation by Library Personnel"

Preparation of periodicals for binding is usually considered a chore. General Bookbinding, Chesterland, Ohio, has developed "ABC," automated binding control, a system which can cut bindery preparation time by one-third to one-half. ABC provides libraries with a complete file of computer preprinted forms for each volume to be bound that year. Each multi-part form, prepared from a master coding form

completed by the library, includes all information needed by both the library and the bindery, with only completion of variable information required.

Melvin P. Nason, Read-More Publications, New York, New York
"Automation Cuts Costs and Provides Better Subscription Service for Libraries"

Subscription service agencies act as communication clearinghouses between libraries and publishers. Both libraries and publishers input voluminous quantities of data which must be processed and output with uniformity and precision. Manual systems for handling subscription data require tedious, time-consuming repetition of clerical chores. Read-More Publications describes one approach to subscription agency computerization and the resulting benefits to libraries, publishers, and the agency.

Benjamin M. Schrager, American Elsevier Publishing Company, New York, New York
"Mailing List Computerization"

Direct mail promotion is one of the most effective methods available to publishers for informing libraries and individuals about forthcoming and available publications. Information supplied by respondents is coded and fed into a computer. The selectivity permitted by a computerized data base allows mailings to specific scientific interests, geographic locations and account classifications; and eliminates the receipt of irrelevant material by potential purchasers.

Wednesday, June 4

8:30 a.m. - 10:00 a.m. Cleveland Room
INFORMATION RETRIEVAL SYSTEMS I
Panel Moderator: Mary Horres
University of North Carolina
Health Sciences Library
Chapel Hill, North Carolina

Robert Donati, Lockheed Information Systems, New York, New York
"The Lockheed DIALOG On-Line Retrieval Service"

DIALOG (TM) is an on-line, interactive information retrieval service for searching literature citations and abstracts. Twenty data bases cover science and technology, social and behavioral science, and business product information. Files of particular interest to health sciences libraries are Psychological Abstracts, Biological Abstracts, ERIC, NTIS, CA Condensates, INSPEC Science Abstracts, and NAL/CAIN. Dial-up and high speed terminals can access the service through a variety of communications networks including Tymshare, on a pay-by-usage, no minimum basis.

Cheryl Rosenthal, Systems Development Corporation, Falls Church, Virginia
"SDC and Multiple Resources in On-Line Services"

The use of multiple resources in manual searches is now being translated into the use of multiple on-line systems and data bases. SDC

which provides a large number of data bases on-line including NTIS, CAIN, ERIC, POLLUTION, PMA/MEDLINE, PMA/MEDCOMP, CHEM7071, CHEMCON, SCISEARCH (life sciences), GEO—REF and others, has completed a study funded by the National Science Foundation on the impact of on-line services and multiple resource use.

Donald J. Morton, University of Massachusetts Medical School Library, Worcester, Massachusetts
"SDC and DIALOG—User's Point of View"

Health sciences libraries now handling MEDLINE searches can use the same equipment and personnel to access data bases from SDC and Lockheed, providing additional subject coverage on a pay-by-use basis. Characteristics of the services are discussed and compared including the availability of data bases, searcher training and command languages.

Grace H. McCarn, National Library of Medicine, Bethesda, Maryland
"NLM On-Line Data Bases"

NLM continues to expand the number of data bases available to the health sciences community. In addition to MEDLINE the following bases are, or shortly will be available: SDILINE, CATLINE, SERLINE, CANCERLINE, TOXLINE, CHEMLINE, NAME AUTHORITY, JOURNAL AUTHORITY, MeSH VOCABULARY, AVLINE and the BACKFILES. New capabilities, such as Offsearch and Storesearch, provide improved on-line searching.

8:30 a.m. - 10:00 a.m. Grand Ballroom
MANAGEMENT AND LIBRARY AUTOMATION
Panel Moderator: Robert G. Cheshier
Cleveland Health Sciences Library
Cleveland, Ohio

Frank F. Clasquin, F. W. Faxon Company, Inc., Westwood, Massachusetts
"Budget and Expenditure Justification for Serials and Journals"

As a by-product of its on-line subscription service, the F. W. Faxon Company can provide its clients with information which permits more precise budget and selection decisions. Examples illustrating the use of this service by a medical school and a research hospital library are described and a three-year price study of medical subscription costs is included.

*Jean W. Dolan, Mt. Sinai Medical Center, Miami Beach, Florida
"The Computer-Produced Book Catalog . . . A Major Communications Tool in a Medical Center Library"

Why choose a book catalog? Cost factors, personnel, a multi-lingual medical staff, and a fast-growing complex of scattered buildings and departments were all considered in Mt. Sinai Medical Center's reasoning. Did it work? The library's orientation and use are just beginning, but it looks as if its pioneering efforts will increase staff use and professional know-how one hundred per cent.

C. Lee Jones, Health Sciences Library, Columbia University, New York, New York
"Some Technological Impacts on Library Service Systems"
Automation is just one of the factors that has had an impact on the library service system. This paper reviews the role that additional factors, including techniques of personnel deployment, outreach programs, and educational technology, have had in creating a new awareness of the library's role.

Irwin H. Pizer, University of Illinois at the Medical Center, Chicago, Illinois
"Automation, Planning to Implementation—the Problems En Route"
Once the decision to automate library processes has been made, there are a variety of problems which may be encountered before the planned system becomes operational. These include problems in the areas of personnel, budgeting, procurement of adjunct services, institutional priorities, and manufacturing uncertainties. Actual and potential difficulties are discussed.

COMPREHENSIVE SYSTEMS
Panel Moderator: Ronald M. Watterson
Medical College of Ohio at Toledo
Toledo, Ohio

Glenn L. Brudvig, University of Minnesota Bio-Medical Library, Minneapolis, Minnesota
"The Development of a Library Minicomputer System"
The University of Minnesota Bio-Medical Library has developed an integrated system for library processing. Acquisitions and cataloging subsystems are in operation; serials check-in and control, accounting, and circulation are being implemented. The system, consisting of a minicomputer with video terminals and small printers in each library division, is completely under the library's control and operation. The system has been designed to be easily replicated in other libraries and will eventually provide for mutual access to the data files of each library using the system.

Louis Darling and James Fayollat, Biomedical Library, University of California at Los Angeles, Los Angeles, California
"The UCLA Biomedical Library Processing System"
The processing system used at the UCLA Biomedical Library has its origins in the batch mode serials control system developed in the 1960's. The present system includes an on-line serials system with modules for check-in, updating and retrieval, claims, bindery preparation, and accounting; and a computer-assisted cataloging and card production system. The addition of an acquisitions subsystem integrating features of both existing subsystems is being considered. Cost benefits and network capabilities of the system are discussed.

Frederick G. Kilgour, The Ohio College Library Center, Columbus, Ohio
"The Development and Operation of the Ohio College Library Center"

The Ohio College Library Center is an on-line computerized network providing access to one and a quarter million machine-readable MARC cataloging records and four million locations listings constituting an on-line union catalog. The objectives of the system are to increase the availability of resources to 400 participating libraries and to decelerate the rate of per-unit processing costs. OCLC is currently implementing an on-line serials control module; acquisitions, interlibrary loan, circulation subsystems and subject access to the on-line catalog are under development.

Dan Tonkery, National Library of Medicine, Bethesda, Maryland
"Use of Proprietary Software in the Automation of Technical Services Activities"

In 1973, the National Library of Medicine began experimenting with a data base management system marketed by Infodata Systems, Inc. The software package has been implemented in major program areas of the Library, including acquisitions, serials, indexing, interlibrary loan, extramural programs, and the National Medical Audiovisual Center. The effectiveness of proprietary software packages is evaluated and results demonstrate that libraries can avoid the high costs of systems development and programming by using proprietary software packages.

David Waite, Information Dynamics Corporation, Reading, Massachusetts
"BIBNET's On-Line Services"

BIBNET, an on-line bibliographic data base that includes 1,250,000 items cataloged by the Library of Congress over the past five years, is available via the nationwide Tymnet system. This paper describes the on-line service modules now available including 1) the Reference Module providing in-depth subject search, holder codes and call numbers, and message handling for interlibrary loan use; and 2) the Cataloging Module providing on-site automated text-editing and production of catalog card sets. Data base coverage in both general and specialized subjects as well as user-training and pricing will be described in detail.

10:30 a.m.-12:00 noon Cleveland Room
CONSORTIA
Panel Moderator: Pamela Elwell
Bay View Hospital
Bay Village, Ohio

Alberta S. Bailey, Metropolitan Medical Center, Minneapolis, Minnesota
"Twin Cities Biomedical Consortium: Consortium Development at the Grass Roots Level"

The Twin Cities Biomedical Consortium was organized to improve local horizontal cooperation. A viable network of over twenty-five

health science libraries from a variety of institutions resulted, with cooperative programs designed to provide a more efficeient method of document delivery, coordination of costly monograph and serial purchases, and exploration of other library services amenable to cooperative planning. The key to success of the TCBC is cooperation between librarians, philosophical and financial commitment, and flexibility in project participation.

Marion von Bruck, Pierce County Medical Library,
Tacoma, Washington
"A New Medical Library Consortium in Tacoma, Washington: History, Structure, Administration, Budget"

The Pierce County Medical Library Consortium, consisting of a central resource library and library reading rooms in eight hospitals, was formed to avoid unnecessary duplication of costs for library services and to meet accreditation requirements. It became operational on January 1, 1974 and has been jointly financed by the Pierce County Medical Society and the eight hospitals of Pierce County. Comprehensive library services are extended to the professional staff and allied health personnel in support of quality patient care, research, continuing medical education programs and in-service training.

Sandra Clevesy, Lawrence General Hospital,
Lawrence, Massachusetts
"Concepts of a Cost Effective Consortium"

Faced with the prospect of restricting interlibrary loan service or imposing fees, six community hospitals entered an informal agreement to share resources. In June 1974, sixteen members formally organized the Northeastern Consortium for Health Information. Objectives included expanded interlibrary loan service, coordination of holdings and acquisitions, production of union lists, and continuing education. All have been accomplished through group cohesiveness and commitment within each library's existing budget and without additional funding.

Judith Messerle, St. Joseph Hospital,
Alton, Illinois
"Profile of the Development of a Comprehensive Hospital Library Consortium"

An overview is given of the initiation, application for grant funding, development and implementation of a hospital library consortium comprised of six small non-teaching hospitals which united to provide interlibrary loan services, cooperative purchasing and an on-going library education program. Included is a brief analysis of problems encountered throughout the development and implementation of the consortium, as well as directions for future growth.

10:30 a.m.-12:00 noon Gold Room
INFORMATION RETRIEVAL SYSTEMS II
Panel Moderator: Nancy Lorenzi
Medical Center Libraries
University of Cincinnati
Cincinnati, Ohio

Robert A. Berk, University of Oregon School of Librarianship, Eugene, Oregon
"The Diffusion of Information Innovations in Health Sciences Libraries"

A research study designed to measure the relationship between exposure to information about MEDLARS Demand Search Service and subsequent use of the service is described. The value of creating a suitable interface between information systems and their potential users is discussed, as is the role of a "change agent" in providing sufficient information about new information systems to potential users. The relevance of the case study results is indicated for other health sciences librarians.

Susan Crawford, Division of Library and Archival Services, American Medical Association, Chicago, Illinois
Mary Devlin, Medical Socioeconomics Research Sources
"Medical Socioeconomic Research Sources: an On-Line Retrieval System for the Sociology and Economics of Medicine"

Publications in the sociology and economics of medicine have doubled in volume over the period 1962-74. To provide access to this rapidly growing field, an on-line information system was devised with inputting, data processing and editing managed from a terminal in the AMA Library. From this system, both published products and on-line retrieval services are generated. The procedures are generalizable to other areas of science and technology.

Alan M. Rees, Case Western Reserve University School of Library Science, Cleveland, Ohio
"An Experiment in Teaching MEDLINE"

The design and implementation of an experimental MEDLINE training module at Case Western Reserve University School of Library Science is described. The module places MEDLINE within the context of multiple data bases and networking operations, and is embedded in a course in Health Science Communications. The module consists of eight weeks of lectures, demonstrations, videotapes and exercises on the terminals. Thirty students are being trained as MEDLINE analysts.

John J. Regazzi, Northern Illinois University, DeKalb, Illinois
"Some Automated Techniques of Information Retrieval in Family Planning and Population Libraries"

Two automated information retrieval systems for population and family planning are described: (1) The Carolina Population Institute has an off-line system which searches a data base drawn from its library holdings; (2) POPINFORM, coordinated by George Washington University's Population Information Program and developed by Informatics, Inc. is an on-line system containing a number of data bases from both university and government organizations.

LUNCHEON

PANEL SESSIONS 2:00 p.m.-5:30 p.m.

2:00 p.m.-3:00 p.m. Cleveland Room
COMPUTER-ASSISTED INSTRUCTION
Panel Moderator: Hazel Benson
Health Sciences Library
The Ohio State University
Columbus, Ohio

Julie A. Virgo, Medical Library Association, Chicago, Illinois
George L. Hody, University of Illinois School of Basic Medical Sciences at Urbana/Champaign, Urbana, Illinois
"Does Computer-Based Instruction Belong in the Health Sciences Library?"

Computer-based instruction is gaining acceptance in the health sciences where hourly costs of conventional instruction are already high. Placing terminals in health sciences libraries provides periods of unsuperivsed access and is consistent with the concept of the library as a learning resource center. However, costs for training library personnel, space and equipment are incurred, and new problems arise in cataloging and maintenance. The library administration should participate in planning educational programs to help create an awareness of the advantages of the library as a potential terminal site.

George L. Hody, University of Illinois School of Basic Medical Sciences at Urbana/Champaign, Urban, Illinois
"PLATO Computer-Based Instruction in the Health Sciences"

The PLATO IV system is a University of Illinois project in developing highly efficient computer-based techniques for education. It supports over 900 terminals in the U.S., Canada and experimentally in Europe. These are connected to a central computer facility by standard phone lines. Any student user can access over 3,000 courseware modules. All terminals have full graphics capability, project microfiche and respond to either touch or keyboard input. Programs are compiled and executed within seconds of being written. Health science lessons are currently developed in six institutions and used in twelve.

Twyla Bishop, Medical College of Georgia, Augusta, Georgia
"A Computer-Assisted Instruction Program Developed at the Medical College of Georgia"

The Medical College of Georgia has developed its own computer-assisted instruction (CAI) program. Fourteen basic banks have been created and are utilized and maintained in-house. The philosophy of a self-developed program in terms of cost, personnel utilization, departmental organization and the existence of the Lister Hill program is presented. As student enthusiasm was responsible for the growth of

the system, users were surveyed for school affiliation, programs used and time spent at the terminals. Usage has grown from 50 users per quarter three years ago to a minimum of 340 users per month.

2:00 p.m.-3:00 p.m. Grand Ballroom
INFORMATION RETRIEVAL SYSTEMS III
Panel Moderator: Jan Egeland
SUNY Biomedical Communication Network
Albany, New York

Kay Durkin, Biosciences Information Service of Biological Abstracts, Philadelphia, Pennsylvania
"On-Line Searching of the BIOSIS Data Base"

Biosciences Information Service of Biological Abstracts (BIOSIS) produces a machine-readable data base which has been leased for batch searching and soon will be available on-line. The data base content and characteristics, and the BA PREVIEWS magnetic tape service will be described. Studies conducted by BIOSIS to evaluate on-line searching of the PREVIEWS file will be reviewed and the experimental results, particularly related to training and the use of search tools, will be discussed.

Molly Wolfe, Informatics Inc., Rockville, Maryland
"Excerpta Medica On-Line Service"

A description of the new Excerpta Medica On-Line Service will be presented. A steering Committee composed of industry, government agencies, and research organizations participated in defining the services during a two-month trial access to the data base. The results of this trial evaluation, the present status, and future plans will be discussed. Responsibilities of the various system components to provide on-line access to a large-scale data base are identified, including the role and responsibilities of the user community.

Lucretia McClure, Edward G. Miner Library, School of Medicine and Dentistry, University of Rochester, Rochester, New York
"SUNY Biomedical Communication Network"

The SUNY Biomedical Communication Network, in operation since 1968, is an on-line bibliographic retrieval system which provides literature resources to thirty-five participating institutions. The Network offers these data bases: MEDLARS, including International Nursing Index and Index to Dental Literature; Psychological Abstracts; and ERIC. With completion of an experimental project in June, the Network plans to make another data base, Biological Abstracts, available.

2:00 p.m.-3:00 p.m. Gold Room
COOPERATIVE EFFORTS
Panel Moderator: James F. Williams
Vera Shiffman Medical Library
Wayne State University
Detroit, Michigan

Jacqueline W. Felter, Medical Library Center of New York, New York, New York
"Cooperative Acquisitions and the Other Side of the Coin"

A pilot project applied to a single facet of the acquisitions operation is described. Fourteen libraries, linked geographically and through a cooperative center, have volunteered to coordinate management of their serials collections in order to prevent erosion of regional resources in the face of rising costs. Both cancellation of subscriptions and acquisition of new titles are considered, and the libraries establish responsibility for title maintenance. Philosophical aspects of the undertaking are also discussed.

Paul E. Olson, The John Crerar Library, Chicago, Illinois
"Analysis of the Midwest Medical Union Catalog—Alternatives for Location of Monographs in a Network"

An extensive cost-benefit analysis of the Midwest Medical Union Catalog of books studied the 49-year old catalog in the context of interlibrary loan activity of the Midwest Health Science Library Network, and tested it against other location methods and against the alternative of using a large backup library (NLM) instead of routing requests through the network. It was recommended that the catalog be maintained at a minimal level until computerized data bases of monograph titles provide equivalent locational probability.

CATALOGING
Panel Moderator: Olyn Ruxin
Cleveland Health Sciences Library
Cleveland, Ohio

Charles E. Stoddard, Westchester Medical Center Library, Valhalla, New York
"The IBM Magnetic Card Selectric Typewriter and the Simultaneous Production of Catalog Cards at the Westchester Medical Center Library"

A cost analysis study was undertaken to determine how in-library production of catalog cards using the Mag card typewriter system compared with purchased cards in reclassifying a medium-sized medical collection from LC to NLM. A break-even point is determined using the derived figures, and a centralized cataloging center is proposed to make this operation an optimal one.

Cynthia K. Robinson, University of Texas Health Science Center, San Antonio, Texas
"The Use of the MARCIVE Library System by the University of Texas Health Science Center at San Antonio"

The University of Texas Health Science Center Library has been using the MARCIVE computer cataloging system for four years.

Cataloging data for monographs, audiovisuals, and faculty publications is keypunched and stored in MARCIVE format on disc and tape. From this data catalog cards, acquisitions lists, book catalogs, and selected bibliographies can be generated. Time and cost studies show MARCIVE to be competitive with other card production methods including UCLA's computer system, OCLC, minigraph, and commercial cards.

*Diane Hawkins, Mt. Sinai Medical Center, Miami Beach, Florida

"Developing a Computer Produced Book Catalog for Use in a Medical Center Complex"

A paper presented earlier today described the decision-making and evaluation of a project to produce a book catalog for the Mt. Sinai Medical Center by Science Press. Now the details of producing catalog proofs, reclassifying and recataloging according to NLM are described. Communication between the library staff and Science Press was vital and a good understanding of the computer program was essential to visualize the effect of each decision on the printed page of the book catalog.

* see also MANAGEMENT panel, paper by Jean W. Dolan

Phyllis V. Bova, Ohio College Library Center, Columbus, Ohio

"The OCLC On-Line Cataloging System"

The on-line shared cataloging system at the Ohio College Library Center (OCLC) enables searching of a large cataloging data base built by MARC tapes and shared cataloging of OCLC's member libraries. The on-line cataloging permits modification of available cataloging data, original cataloging and tailoring of card production to meet the member library's needs. The system can also provide pre-order bibliographic verification, physical labeling of the book, ILL information and collection development information.

Josephine Yeoh, Riverside Methodist Hospital, Columbus, Ohio

"Use of the OCLC System in a Small Medical Library"

An Ohio College Library Center cataloging computer terminal was installed in the medical library of an 850-bed hospital, the only hospital library in the country to have one. Costs are discussed as well as problems encountered; and recommendations are made for other hospitals considering OCLC membership.

Lillian R. Kozuma, National Library of Medicine, Bethesda, Maryland

"MEDLARS II Cataloging"

Under the MEDLARS II system, the National Library of Medicine supports two on-line data bases for cataloging: 1) CATLINE contains NLM cooperative cataloging for monographs and serials since 1965; 2) the Name Authority File (NAF) includes all cross references and histories for all names used in NLM's descriptive cataloging. Under MEDLARS II, CATLINE records can be converted to LC's MARC II Format, making the NLM data base potentially available through other cataloging networks such as OCLC.

3:30 p.m.-5:30 p.m. Gold Room

SERIALS

Panel Moderator: Estelle Brodman
Washington University School of Medicine
Saint Louis, Missouri

Joyce Loepprich, Medical Sciences Library, University of California, Irvine, California

"Implementing an On-Line Serials Control System"

The Medical Sciences Library and the teaching hospital library at the University of California at Irvine acquired an on-line serials control system quickly and at low cost by entering a consortia with the UCLA Biomedical Library. The conversion was funded by an NLM grant and carried out mainly by the existing serials staff at Irvine. The main implementation problems dealt with staffing arrangements and entry accuracy. Most impressive of the new system is the ease of claiming and updating records. Public needs are met largely with printed lists which are updated every two days.

Virginia H. Bowden, University of Texas Health Science Center, San Antonio, Texas

"The PHILSOM System: One User's Experience"

PHILSOM, the automated serials system developed by the Washington University School of Medicine, now serves thirteen medical libraries. The University of Texas Health Science Center at San Antonio library has participated in the PHILSOM system since 1972. The multiple printed listings produced by the system have been a major benefit; more than half of the serials and related questions formerly referred to reference librarians are now being answered directly by users. Operating costs and the effect of PHILSOM on check-in, claiming, and personnel are also discussed.

Spencer S. Marsh, The Medical Library Center of New York, New York, New York

"PHILSOM—the Move East"

In 1973 the Medical Library Center of New York acquired the programs and data base of the PHILSOM system to establish a shared cost serials control system for medical and hospital libraries in the New York Metropolitan Area. Discussed in the paper are the experiences in developing the operating system for New York and the adaptation of the programs and data base for this environment. A cost and operational analysis for the first eighteen months of the network are included.

Meg Sarver, Ohio College Library Center, Columbus, Ohio

"OCLC's On-Line Serials Processing"

The Ohio College Library Center will automate serials processing in two distinct but interrelated subsystems: (1) The OCLC shared Cataloging Subsystem, designed to maximize resource sharing through shared cataloging, MARC, CONSER, and other machine readable files without sacrificing local options, will be used for serials cataloging; (2) The Serials Control Subsystem containing the "local data record" will automate check-in, claiming and bindery processing. Cost is dependent on the number and type of transactions; no extra charges are made for equipment.

Betsy Humphreys, National Library of Medicine, Bethesda, Maryland
"SERLINE"

Designed to assist network, I.L. and cooperative acquisitions activities SERLINE is available to the network for on-line searching under the ELHILL Program and is edited and maintained at NLM on INQUIRE, a software package with extensive editing and report generation capabilities. Over the past year, MEDLARS II implementation has prevented regular transfer of data from the updated INQUIRE file to the ELHILL network file, but hard copy products from the INQUIRE file have been distributed throughout the network.

Joseph F. Gantner, National Library of Medicine, Bethesda, Maryland
"CONSER and the National Serials Data Program"

CONSER, a cooperative effort to build a core machine readable data base of bibliographic information for serials, will be useful in developing serials systems in libraries and in providing a base file for the International Serials Data System and the National Serials Data Program (NSDP). It is being built using the facilities of the OCLC and involves the participation of the three national libraries and the National Serials Data Program, the National Library of Canada, and some large research libraries.

3:30 p.m.-5:30 p.m. Grand Ballroom
SPECIAL PROBLEMS—TECHNOLOGICAL SOLUTIONS
Panel Moderator: Omer Hamlin Jr.
University of Kentucky Medical Center Library
Lexington, Kentucky

Betty Bogen, Eccles Medical Sciences Library, University of Utah, Salt Lake City, Utah
"A Computer Generated Audiovisuals Catalog"

Six problems of retrieving audiovisual items are presented to describe how a computer generated audiovisual catalog developed at the Eccles Medical Sciences Library addresses each of the problems. Briefly, the Media Services Catalog lists one complete entry for each item by media format with access by title, MeSH subject headings, and gross categories. The reasons for this arrangement are decribed. The catalog is proposed as a basis for an AV union list for health institutions in the Salt Lake City area.

Anne S. Goss, Library, Medical College of Georgia, Augusta, Georgia
"MEDOC: A Computerized Index to U.S. Government Medical Documents"

In order to aid retrieval of U.S. Government health documents, Eccles Medical Sciences Library at the University of Utah developed a computed produced index—MEDOC (medical documents). MEDOC provides access by Superintendent of Documents Classification, title, subject and series number. A seven-year cumulation, January 1968-December 1974, recently produced, will be supplemented by quarterly updates and annual cumulations. MEDOC, available on subscription basis, will be useful to medical libraries for locating, acquiring, and cataloging government publications.

Hiroko Kawashima and Shinako Honda, National Cancer Library, Tokyo, Japan
"Computer Application for Housekeeping in a Small Medical Library—a Case at the National Cancer Center Library"

The National Cancer Center Library, a small medical library containing 8,200 monographs and receiving 790 current journal titles, recently started using a computer for two housekeeping tasks: 1) compilation of loan record statistics, and 2) lists of journal holdings. These programs were operated using the computer installed by the parent institution, the National Cancer Center (Japan) and shared with other departments of that institution. The systems were designed and operated by the library staff.

Soo Lee, Peggy Gratz, and Joseph White, Bowman Gray School of Medicine, Winston-Salem, North Carolina
"Computer-Stored Faculty Publication File Using MT/ST in a Medium-Sized Medical Center Library"

The Bowman Gray School of Medicine Library computerized a faculty publication file by adapting an existing system that utilized a Magnetic Tape/Selectric Typewriter for cataloging. This file has provided print-outs for the School's annual report and monthly faculty bulletin. When the file is finished, complete author and departmental listings can be retrieved. The file will be continuously updated by adding current citations and new faculty bibliographies and by deleting data when faculty leave the staff.

Esther R. Meiboom, Martland Hospital Library, College of Medicine and Dentistry of New Jersey, Newark, New Jersey
"Conversion of the Periodical Collection into Microfilm Format in a Teaching Hospital Library"

The Martland Hospital Library converted periodical backfiles into 16mm microfilm cartridges. Details of implementation, user reactions, costs and problems are discussed. The principal conclusion is that microfilm in cartridges is well accepted by patrons, provided that the need for reading from a projection screen is minimized by the availability of liberal printing priveleges.

Jean Kerr Schwank, Community Hospital of Indianapolis, Inc., Indianapolis, Indiana
"Mock KWOC: a Computerized Checklist of Hospital Departmental Holdings"

A title-derived computerized checklist has been developed by the library at the Community Hospital of Indianapolis to provide partial bibliographical control over departmental holdings. The four-part print-out lists books by author, title, keywords, and department in a keyword-out-of-context format. Unit cost to input data is forty-five cents. The system is not designed to replace cataloging but may be a practical alternative when cataloging is not necessary or possible.

SHARING SESSIONS 11:00 a.m.-12:30 p.m.

11:00 a.m.-12:30 p.m. Cleveland Room
OCLC MEMBERS TO SHARE EXPERIENCE IN AUTOMATED CATALOGING OF HEALTH SCIENCES MATERIALS
Mrs. Olyn Ruxin, Coordinator, Cleveland Health Sciences Library, Cleveland, Ohio

Automated cataloging in the OCLC system now occupies a good number of health science libraries. Some have been OCLC members for more than two years. Representatives of these libraries and of other libraries whose membership in OCLC will become operational before the 1975 MLA convention will meet to discuss their experiences in this sharing session. The session will focus on practical matters of input standards, terminal operation, card production, error reports, etc. The tone of this session shall be informal, focusing on information that should help to standardize the cataloging data used exclusively by health sciences libraries, that is, NLM classification and MeSH subject headings.

11:00 a.m.-12:30 p.m. Gold Room
CLINICAL MEDICAL LIBRARIANS TO SHARE TECHNICS OF COMMUNICATING PATIENT CARE INFORMATION TO HEALTH PERSONNEL
Dr. Gertrude Lamb, Coordinator Hartford Hospital, Hartford, Connecticut

Representatives of the newest breed of health science librarians, clinical medical librarians, will meet to discuss alternative approaches to the delivery of information to the practicing clinician. There will be brief, formal presentations followed by informal discussion.

12:30 p.m.-2:00 p.m. Sheraton Hall
