## Statement of Appropriate Conduct at MLA Meetings

# CONTENTS

The Medical Library Association (MLA) holds professional conferences and meetings to enable its members to receive continuing education, build professional networks, and discover new products and services for professional use. To provide all participants—members and other attendees, speakers, exhibitors, staff, and volunteers—the opportunity to benefit from the event, MLA is committed to providing a harassment-free environment for everyone, regardless of gender, sexual orientation, gender identity, gender expression, disability, physical appearance, ethnicity, religion, or other group identity.

As an association, MLA is strongly committed to diversity, equity, and the free expression of ideas. Taken cumulatively, the values and beliefs delineated in MLA policy describe conduct based on a firm belief in the value of civil discourse and the free exploration of competing ideas and concepts—with a fundamental respect for the rights, dignity, and value of *all persons*.

In the context of MLA policy and the professional practices of librarianship, critical examination of beliefs and viewpoints does not, by itself, constitute hostile conduct or harassment. Similarly, use of sexual imagery or language in the context of a professional discussion might not constitute hostile conduct or harassment.

MLA seeks to provide a meeting environment in which diverse participants may learn, network, and enjoy the company of colleagues in an environment of mutual human respect. *We recognize a shared responsibility to create and hold that environment for the benefit of all.*

### **Some behaviors are, therefore, specifically prohibited:**

- harassment or intimidation based on race, religion, language, gender, sexual orientation, gender identity, gender expression, disability, appearance, or other group status
- sexual harassment or intimidation, including unwelcome sexual attention, stalking (physical or virtual), or unsolicited physical contact
- yelling at or threatening speakers (verbally or physically)

Speakers are asked to frame discussions as openly and inclusively as possible and to be aware of how language or images may be perceived by others. Participants may—and do—exercise the “law of two feet.” Exhibitors must follow all MLA Exhibits rules and regulations and MLA policies.

**All participants are expected to observe these rules and behaviors in all meeting venues, including online venues, and meeting social events. Participants asked to stop hostile or harassing behavior are expected to comply immediately.** Meeting participants seek to learn, network, and have fun. Please do so responsibly and with respect for the right of others to do likewise.

Please contact MLA staff if you believe you have been harassed or that a harassment problem exists. All such reports will be directed immediately to the meeting manager and/or MLA executive director, who will determine and carry out the appropriate course of action, and who may consult with and engage other MLA staff, leaders, and legal counsel as appropriate. Event security and/or local law enforcement may be involved as appropriate, based on the specific circumstances. A follow-up report will be made to individuals who report being harassed.

# WELCOME

Welcome to the 119th Annual Meeting of the Medical Library Association and to Chicago, the home of MLA's headquarters. The meeting theme, "ELEVATE," is derived from Chicago's iconic elevated transit system (the "L" or "El"), which is one of the oldest, most extensive rapid transit systems in the country and was voted one of the seven wonders of Chicago.

The 2019 National Program Committee has planned a fantastic adventure for you including 9 featured speakers, 103 contributed papers, nearly 200 posters, 50 lightning talks, 23 immersion sessions, over 20 continuing education courses, and a plethora of networking events including the Hottest Ticket in Chi-Town Networking Event and Open Mic on Tuesday, May 7. Learn about achievements, ongoing initiatives, and future plans at the "not business as usual" MLA Business Meeting and Inaugural Address.

This year, there are 50% more breakout sessions, which are organized around MLA's new 7 areas of practice: clinical support, education, global health & health equity, information management, information services, innovation & research practice, and professionalism & leadership. The 80-minute immersion sessions are also making their debut with in-depth perspectives on specific topics in smaller, interactive settings.

As a reminder, the last day of the Hall of Exhibits is Monday, so please be sure to go by and visit our vendor partners. Learn more about their products and services and take advantage of their educational offerings to help you develop expertise for those that you use and acquire.

We hope that, like the L, MLA '19 will elevate the profession and deliver you to the destination you seek, be it learning, service, partnership, fun, or friendship.

So...relax, relate, release, and have a great time while you are here!

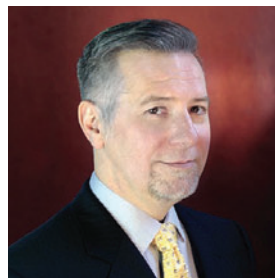

—Beverly Murphy, AHIP, FMLA  
2018/19 MLA President

The 2019 National Program Committee (NPC) and Local Assistance Committee (LAC) welcome you to the Windy City, the City of the Big Shoulders, the Second City...aka, Chicago.

The first time MLA met in Chicago was in 1908, predating both the Big Shoulders and Second City nicknames. MLA has met here 8 other times in the intervening 111 years with good reason: Chicago has everything: architecture (the Rookery, the Aqua tower, the buildings of Louis Sullivan), art (the Art Institute of Chicago), music (Chicago has countless blues clubs), sports (both the White Sox and Cubs are a quick L ride away), theater (we reserved a block of *Hamilton* tickets, but they went fast!), and food (too much to detail, but the LAC has prepared a Restaurant Guide). We haven't even mentioned shopping: Chicago's Magnificent Mile practically starts at the front door of the meeting hotel. If that is not enough, the Red, Brown, Orange, Green, Purple, and Pink Lines of the L are just past Michigan Avenue (plus or minus a block or two) and are a gateway to Chicago's many neighborhoods: Andersonville, if you would like to investigate the city's Swedish culture; Boystown, the heart of Chicago's LGBT community; Chinatown; Greektown; culturally diverse Hyde Park, home of the DuSable Museum of African American History; Little Italy; and West Loop/ Fulton Market, home of many restaurants and bars, to name a few.

Our "Elevate" theme and logo reflect both Chicago, with its iconic elevated trains and towering buildings, and the goal of the 2019 NPC: to elevate the profession and to provide routes for the careers of health sciences librarians. Based on MLA's six professional competencies, we have carefully selected material—papers, posters, lightning talks, and immersion sessions—to provide an engaging experience.

The NPC and LAC have had a great time putting together the MLA '19 program, and we have learned much while doing so. We hope that you, too, will have a great time, take advantage of opportunities to network, and get a taste of Chicago, and that you will take away new skills or knowledge that will elevate your career.

## Features of the Online Program & Itinerary Planner

*Sponsored by Wolters Kluwer*

- Manage your time by deciding in advance what to attend. Creating a personal itinerary helps you plan your time. Use "My Schedule" to create your custom meeting plan.
- Search and browse the program your way. You can "star" items to include in your personal itinerary.
- Find-a-Friend functionality allows you to locate your colleagues.
- Video will be uploaded for plenary sessions about twenty-four hours after a session ends. Program sessions will be uploaded about three days after a session ends to allow time to synchronize PowerPoint slides with audio.

## Extra Benefits You Receive as a Registrant

- Access to the ePoster Gallery.
- Access to online meeting content. When the meeting starts, MLA will record plenary sessions and program sessions so that you can view them at your convenience.

## Download the MLA '19 App today!

**At no cost, the MLA '19 mobile app provides attendees with:**

- The entire event program, including programming in the seven areas of practice, plenary sessions, immersion sessions, and other events
- Important real-time communications from MLA
- Ability to take notes and download event handouts and presentations
- Exhibitor information, including an interactive Hall of Exhibits map
- Maps of the annual meeting hotel
- Information about local restaurants
- Ability to add sessions and personal events to your annual meeting calendar
- And more!

## Welcome, Awards, and Presidential Address

Beverly Murphy, AHIP, FMLA

Beverly Murphy, AHIP, FMLA, is the assistant director for communications and web content management at the Duke University Medical Center Library & Archives, Durham, NC, and the hospital nursing liaison for the Duke Health System and Watts School of Nursing. As 2018/19 MLA president, she has led MLA during a time of growth and change, inspired us with her optimism and energy, and challenged us to be engaged and to embrace diversity and inclusion at the highest levels. In her presidential address, Murphy will highlight the achievements of the past year and how they benefit MLA members, share personal insights, and recognize the many MLA members whose contributions have been essential to MLA's success.

Discovering New Pathways to Information: What Today's Users Tell Us

*Sponsored by EBSCO Health*

*Sponsored by the MLA InSight Initiative, an open circle partnership to advance thinking on health information*

When this panel of library “power users” from leading Chicago medical institutions shared their personal experiences on how, where, and on what devices they discover, access, and consume professional-level information at MLA InSight Initiative Summit 2 in September 2018, the twenty librarians and twenty publishing industry representatives there were mostly stunned and fascinated. Join these panelists at MLA '19 for a conversation on how librarians and publishers need to adjust to the new pathways to information.

- Vineet Arora: academic hospitalist, assistant dean, Scholarship and Discovery, and director, Graduate Medical Education, Clinical Learning Environment, and Innovation, University of Chicago Pritzker School of Medicine, Chicago, IL
- Margaret Danilovich: assistant professor, Department of Physical Therapy and Human Movement Sciences, and assistant chair, Development and Communications, Feinberg School of Medicine, Northwestern University, Chicago, IL
- Allison Lale: clinical associate, Center for Advanced Care at South Loop Family Medicine, University of Chicago Primary Care Network, Chicago, IL
- Janice M. Phillips: director, Nursing Research and Health Equity, Rush University Medical Center, and associate professor, College of Nursing, Rush University, Chicago, IL

Monday, May 6, 2019, 9:00 a.m.–10:00 a.m.

Janet Doe Lecturer for 2019

Gerald (Jerry) Perry, AHIP, FMLA

“The Activist Health Sciences Librarian: A Perspective from Jerry Perry”

Gerald (Jerry) Perry, AHIP, FMLA, is associate dean for the University of Arizona Libraries and director of the Health Sciences Library, University of Arizona–Tucson. Perry has been active in MLA, serving as president in 2011/12. His academic and publishing interests originally were centered on the fight for equitable, life-saving access to health information in response to the HIV/AIDS pandemic. Perry was co-convenor of MLA’s LGBTQ Health Sciences Librarians Special Interest Group and began his association involvement as a member of the Relevant Issues Section, now known as the Social Justice Section.

Tuesday, May 7, 2019, 9:00 a.m.–10:25 a.m.

MLA Business Meeting and Inaugural Address

Julia Esparza, AHIP

Julia Esparza, AHIP, is associate director at the Health Sciences Library at Louisiana State University (LSU)–Shreveport. A professional librarian since 1993, Esparza has worked in a variety of jobs in serials management, electronic resource management, and management of library services. She currently serves as a professor at LSU Health, where she enjoys her dream job with searching, teaching, and completing original research. Esparza has a deep knowledge of and experience in the health sciences librarian profession and a long-standing engagement with and experience in all facets of MLA. In her presidential inaugural address, Esparza will share MLA’s vision and plan for 2019/20 and the personal story that led her to this day.

Wednesday, May 8, 2019, 9:00 a.m.–10:00 a.m.

Joseph Leiter NLM/MLA Lecturer

Nadya Okamoto

Nadya Okamoto is a social entrepreneur and activist, known as the founder and executive director of the nonprofit organization PERIOD: The Menstrual Movement. PERIOD is a global, youth-run nonprofit that aims to achieve gender equality and equity through education, health care, employment and economic mobility, and representation in politics and decision-making. Okamoto will share her thoughts on access to health information in underserved communities, health literacy, health disparities, gender identity, volunteer engagement, and the Gen-Z perspective as well as the role of NGOs such as hers in providing health information and how it connects trusted health information to a broad audience.

At noon, Okamoto will sign her 2018 book, *Period Power: A Manifesto for the Menstrual Movement* (Simon & Schuster Books).

Wednesday, May 8, 2019, 10:30 a.m.–noon

Keynote Speaker

Katherine (Katie) L. Watson

Katherine (Katie) L. Watson is a lawyer who clerked in the federal judiciary and practiced public interest law before joining Northwestern University (NU). She currently teaches law, ethics, and humanities to medical students and students in the NU master’s program in bioethics and medical humanities. Look forward to an engaging session on innovative instructional techniques for medical education: Watson, also a talented playwright and an adjunct faculty member at the training center of Chicago’s Second City theater, will share her story of creating a seminar in what she calls “medical improv” to improve doctor-patient communication. In 2013, in response to national recognition of her new training approach, she began leading a yearly train-the-trainer workshop.

At noon, Watson will sign her 2018 book, *Scarlet A: The Ethics, Law and Politics of Ordinary Abortion* (Oxford University Press), which the New York Times called “revolutionary.”

# GENERAL INFORMATION

## Academy of Health Information Professionals Question-and-Answer Session

★ Grand Ballroom B, East Tower, Ballroom/Gold Level

The Academy of Health Information Professionals (AHIP) is MLA's professional development and career recognition program. MLA '19 attendees are eligible to earn up to one point of academy credit per meeting day, for up to three days per year. In addition, the academy recognizes contact hours earned through continuing education courses and symposia.

Plan to attend the academy Q&A session on Monday, May 6, 1:00 p.m.–1:55 p.m. This session will help you learn all about the credentialing program and application procedures.

## Accessibility and Inclusion Information for MLA '19

### Access to and in the Main Hotel

All MLA '19 sessions will be held at the Hyatt Regency Chicago. All public areas, lobbies, exhibit halls, and meeting rooms in the Hyatt Regency Chicago are accessible according to the Americans with Disabilities Act (ADA). ADA features include accessible parking and restrooms, automatic door entrances, text telephone (TTY), payphone, and assisted listening devices. If you have requested ADA accommodations during the registration process, please check in at the MLA Registration Center, East Tower, Ballroom/Gold Level.

Note that there are no talking crosswalks (for those with visual disabilities) in the immediate area of the hotel.

### All-Gender Bathrooms

MLA is committed to making the meeting accessible and welcoming to all of our community. All gender bathrooms are an important part of making MLA '19 more inclusive, with signage on the doors saying "All Gender Bathroom: All Genders Welcome." All-gender bathrooms will be available at the MLA '19 headquarters hotel.

### Gender Identity

People identify on a broad spectrum of gender identities, including male, female, non-binary, and more. It is important to remember that gender identity is not visible. It is an internal sense of one's own gender. At MLA '19, attendees will have the option of selecting personal pronouns on the registration form, and pronouns will be visible on meeting badges.

### Nursing Room

The Hyatt Regency Chicago has a room with electrical power, sink, television, and a locking door for nursing parents who attend MLA meetings. The room is located in the women's bathroom next to the Fitness Center, West Tower, Skyway/Blue Level.

Additionally, there is an all-gender family bathroom with a stool and changing table located outside the Plaza Ballroom, East Tower, Lobby/Green Level.

### Onsite Accessibility Issues

Should you encounter an accessibility issue at MLA '19, please contact meeting management staff in the MLA Registration Center so that they can resolve the issue.

### Ramadan

Ramadan is a month of prayer and dawn-to-dusk fasting for millions of Muslims around the world. Ramadan begins at sunset on Sunday, May 5, and ends at sunset on Tuesday, June 4.

For Muslim attendees, the MLA '19 Hospitality Center will have information to assist you during your stay and will include a list of halal restaurants (some with takeout and delivery options), information on area mosques, and more.

### Refrigerators and Food

If you have dietary needs that require an in-room refrigerator, they are available at no charge upon request. You can request to have a refrigerator in your room at check-in. Room service hours are 7:00 a.m.–11:00 p.m.; however, Market Chicago is open 24/7 in the main lobby of the hotel. Microwaves are available 24/7 in Market Chicago.

### Wheelchair or Electric Scooter Rental/Delivery

Attendees who wish to rent a wheelchair or electric scooter for use during the annual meeting are welcome to contact the following providers to arrange for service. Price and availability depend on which model is needed for your particular needs.

### Blog

Check out the official meeting blog ([www.mlanet.org/mla19blog](http://www.mlanet.org/mla19blog)) for the latest on Chicago, including meeting tips and essential news like room changes, food, fun, papers, plenary sessions, and much more. The blog is supported by the 2019 National Program Committee, Local Assistance Committee, and volunteer bloggers.

## Business Center

★ East Tower, Exhibit/Purple Level

The Hyatt Regency Chicago features a full-service business center offering everything you need to stay productive and get the job done. Take advantage of copy, fax, and printing services, as well as access to onsite computers with high-speed Internet access. Please contact the Business Center at 312.565.1234 x4410.

## Colleague Connection

If you signed up for Colleague Connection and RSVPed to attend the New Member/First-Time Attendees Program and Breakfast (sponsored by Wolters Kluwer), meet your colleague at the Colleague Connection table at the event on Sunday, May 5, 7:00 a.m.–8:55 a.m., Regency Ballroom D, West Tower, Ballroom/Gold Level.

## Guests at MLA '19

### Adult Guests

Adult guests may purchase a pass to the Hall of Exhibits at the MLA Registration Center, located in the Grand Ballroom Foyer, East Tower, Ballroom/Gold Level. If guests would like to attend programs and plenary sessions, they should purchase a meeting registration.

### Children

All children must have badges. Complimentary badges for children under age 18 are available at the MLA Registration Center. Children under thirteen are not permitted in the exhibit hall. For your convenience, we have identified potential child care services that are available to you.

To arrange for child care service, guests should contact providers directly:

- American Child Care, 312.644.7300
- First Class Care by Mom's Best Friend, 847.733.2700
- Sitter Studio, 312.890.8194

Please note that MLA is not able to recommend these providers based on experience. This information is simply provided as a convenience to parents who may wish to arrange for child care services while they are in Chicago. MLA makes no claims regarding the services listed here. Parents are urged to address any questions or concerns directly with the individual provider.

The MLA Annual Meeting and Exhibition is the largest gathering of medical librarians and related health information professionals in the world. Learn how attending MLA '20 is one of the best things you can do for your future. Discuss your areas of interest and enter a drawing to win prizes. Members of the 2020 National Program Committee and Local Assistance Committee will be on hand to provide information and answer questions. Set your calendar for MLA '20, May 15–20, 2020, Portland, Oregon.

# GENERAL INFORMATION

## MLA Academy Applicants

Stop by the MLA Connections Booth in the MLA Registration Center to learn more about the Academy of Health Information Professionals. Academy experts will be staffing the booth, ready to answer your questions about the program. For an extended one-on-one session with a reviewer, please contact Tomi Gunn at [gunn@mail.mlahq.org](mailto:gunn@mail.mlahq.org) to set up a time to meet.

## MLA Career Planning Center

★ Grand Suite 3, East Tower, Ballroom/Gold Level  
Stop by to get career planning tips and resources, have an on-the-spot resume review, and submit your resume for employers to see at this year's MLA Career Planning Center. The center provides a group of services for members who are seeking long- or short-term career planning. Whether you recently entered the profession or are considering a job change, your colleagues in the Career Planning Center can help you make informed career decisions.

## Job Placement Center

Advertise your open positions—or find your next job—through MLA's onsite Job Placement Center! Register with the Job Placement Center (free for job applicants). Come to Grand Suite 3, East Tower, Ballroom/Gold Level, to submit your resume or job opportunity.

### Hours

Saturday, May 4.....9:00 a.m.–2:00 p.m.

## MLA Connections Booth

★ Grand Ballroom Foyer, East Tower, Ballroom/Gold Level  
Answers to your burning Academy of Health Information Professionals questions, academy member ribbons, MLA book samples, and more can be found at this year's MLA Connections Booth.

## MLA Scholarship Booth Retired

The Scholarship Booth retired in 2017. MLA appreciates the membership's support of the booth throughout the years, both as booth volunteers and shoppers. While the store-style fundraising booth was enjoyable, in recent years, it had not met its goals of raising funds for MLA scholarships. The good news is that many booth activities are still available throughout the meeting. So, stop by the MLA Connections Booth to speak with MLA staff and network with your colleagues. While there, you can make your annual donation to the Scholarship Fund, preview MLA books, and ask any questions you might have about the Academy of Health Information Professionals.

You can find FREE fun meeting ribbons to brighten up your badge at the MLA Registration Center. Commemorative MLA '19 Elevate mugs will be given out during the networking event on Tuesday night. If you are not able to attend the networking event, additional mugs will be available after the meeting through MLA headquarters. We look forward to seeing you at the MLA Connections Booth in Chicago!

## Mobile App

MLA '19 is available at the App Store and Google Play Store. The mobile app allows you to view the schedule of events, abstracts, and presentation details in real time. You can also view speaker photos, biographies, video references, audio presentations, handouts, slides, list of attendees, and exhibitors. Contact other attendees with in-app messaging.

## Online Program and Meeting Content

*Sponsored by Wolters Kluwer*

View video of featured speakers and audio for papers and lightning talks synchronized with slides. See and interact with the posters in the online poster gallery. Global search tools help you navigate meeting content. Online tools and content are included with your meeting or e-Conference registration (<https://www.eventscribe.com/2019/MLA/>).

## Service Project: SitStayRead

★ Grand Ballroom Foyer, East Tower, Ballroom/Gold Level  
SitStayRead’s mission is to “advance children’s literacy skills using an engaging curriculum, certified dogs, and dedicated volunteers.”

SitStayRead provides year-round programming for low-income students in kindergarten through third grades in Chicago Public Schools. Each grade’s curriculum is designed to support key literacy skills at that level. Each grade-level program is created in partnership with their Program Advisory Committee, which includes SitStayRead staff, volunteers, teachers, and faculty from the University of Illinois–Chicago Center for Literacy, University of Chicago, DePaul University, and Northeastern Illinois University.

### Hours

### **Wolters Kluwer: Information Overload: An Opportunity for Library Service Development (by invitation only)**

✦ Grand Ballroom B, East Tower, Ballroom/Gold Level

Researchers and learners struggle with information overload and related challenges such as credibility confusion, algorithm opacity, and container collapse every day. Librarians are uniquely positioned to develop service programs that respond to these challenges. By drawing on their knowledge of scholarly communications as well as information management strategies and tools, librarians can support scholars in developing skills and strategies needed to thrive in today's information rich environment. In doing so, librarians can demonstrate the value they bring to research and patient care.

**7:00 a.m.–8:55 a.m.**

## Sunrise Seminar

### **Springer Nature: Copyright Compliance for Commercial Use: Identify, Educate, and License**

✦ Plaza Ballroom, East Tower, Lobby/Green Level

To understand the complex landscape of copyright compliance in the landscape of corporate or commercial use subscriptions, we must first understand how researchers can gain access to published content. This session will walk through how researchers are accessing content and why these access options can sometimes be problematic. The end goal is to identify risk mitigation, cost mitigation, and productivity optimization, and to understand why copyright compliance is important. This presentation will address the topic of copyright compliance from both a corporate librarian's and a publisher's point of view through the use of case studies. These case studies will be relevant to both private or group hospitals and hospitals affiliated with an academic institution. The presentation will also address tools that can be used by the audience to further their knowledge on the topic and ensure copyright compliance on their end.

### Standing out from the Crowd: A New, Multidimensional Approach to Researcher Profiles

Research institutions and funders need to collect and manage scholarly outputs, and to ensure that those outputs are properly attributed to the individuals who produce research. As a consequence, both early career researchers and established authors currently face a bewildering number of available research information management systems and profiling tools with which to establish and build a research identity. In this session, learn how new integration between the Web of Science and Publons can help all stakeholders. Early career scholars can learn to participate successfully in scholarly communication, from peer review to authorship, while improving the publications data that institutional information systems rely upon.

CELEBRATING 10 YEARS OF

# OXFORD MEDICINE ONLINE

In 2009, the *Oxford Textbook of Medicine* 5th edition and the *ESC Textbook of Cardiovascular Medicine* 2nd edition helped us launch *Oxford Medicine Online*.

Ten years later, the platform is home to the regularly updated *Oxford Textbook of Medicine*, soon to be in its 6th edition, and the ground-breaking digital-first cardiology resource *ESC CardioMed*, along with over 1,000 other medical publications, from student handbooks to specialist reference texts.

Join the celebrations with us in 2019 as we look back at a decade of medical excellence.
